SAPNA INDUSTRIES

VISION

To Deliver Innovative and Sustainable Packaging and Adhesive Solution.

MISSION

To Innovate and Manufacture Comprehensive Range of High Quality Packaging Material of Highest Standards at Most Competitive Rates and Nurture Continuous Business Relation.

ABOUT US

With over two decades of perseverance, Sapna Industries has emerged as leading manufacturers of quality Adhesive and Speciality Tapes and has established its brand - ISOPAC® in Indian and International Markets. Besides tapes, the company also works dedicatedly towards manufacturing, developing and marketing a wide variety of packaging products & solutions.

With its Continuous Research, Strategic Location, Integrated Production Line and Dedicated Skilled Team, Sapna Industries continues to serve some of the best corporate houses and has created its own space in packaging industry.

INNOVATION

PLAN

**BONDING
FOREVER**

VISION

CORE STRENGTH

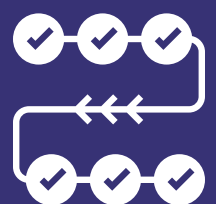

We take a multidimensional approach and consider every stakeholder's perspective, including our vendors to our team and our customers to their consumers. This helps create a good value proposition at every stage and ensure the best customer experience in the end.

Consistent Quality

The Highest Product Quality is at the core of everything we do. A very high emphasis is given towards quality raw material, precise production process and a strong quality check.

Uninterrupted Supply

We've set up and integrated the most competent and robust manufacturing and supply chain system to ensure continuous supply even for most challenging demands.

Competitive Price

Competitiveness gives the winning edge. Not just competitive price, but the best value proposition is always maintained to ensure our clients have a competitive edge in the market.

Sustainable Approach

Throughout our manufacturing process, from raw material procurement to production and delivery, we try to adapt most possible green methods to ensure good sustainability.

OUR PRODUCTS

Our products are manufactured in automatic production setups and the processes are conducted with extreme vigilance and focus. We have a high emphasis on product quality including the selection of raw material and the production process itself.

BOPP TAPES

SELF ADHESIVE BOPP TAPES

Our BOPP carton sealing tape with water-based acrylic adhesive has excellent adhesion, superior impact resistance, excellent shelf life, and UV resistance. We use advanced coating technology, pneumatically controlled drying system, rotogravure printing, and slitting equipment to ensure excellent quality of the tapes. Our products are known for their pressure-sensitive precision, excellent finishing, adhesiveness, and appropriate thickness along with exceptional packaging. We can also customize printed and other tapes on request.

SPECIFICATIONS

MATERIAL	BOPP FILMS, ACRYLIC ADHESIVE
Jumbo Size	980mm to 1850mm
Available Thickness	From 35μ to 70μ
Width	12mm to 72mm
Length	upto 4000mts
Items Available	Transparent, Brown, Colours, Printed.

OUR PRODUCTS

Plain Tapes

Plain Tapes, also known as clear or transparent tapes has wide variety of consumer application. We supply them in various width & length as per customer specifications.

Printed & Customised Tape

Our Printed Tapes provides high aesthetics and visual branding required for that extra mileage you can take through packaging. Customized in-house printing gives you complete freedom of design.

Plain Coloured

Excellent economic alternative to Plain Tapes for colour specific application. We supply them in various width & length as per customer specifications.

Jumbo Rolls

Jumbo Rolls are available in all varieties of our BOPP Tapes, including plain, printed & coloured options. They maintain same product quality as our other products.

SPECIALITY TAPES

Quality Speciality Tapes manufacturing is our specialty. We produce a wide variety of tapes for custom & specialized applications. We also develop tapes based on the client's specific requirements & parameters. Our Speciality Tapes are known for their pressure-sensitiveness, excellent finish, adhesion, and precise consistent thickness along with exceptional packaging.

Masking Tape

Also known as sticky tape, made of easy to tear paper, it is available in a variety of width. Ideal of finished trim and woodwork, primed & painted walls. It leaves no residue upon removal.

Floor Marking Tape

Designed to mark hazards, divide spaces, create aisles, or provide directions. These are made of highly durable material and has strong adhesion for long installation under rough usage.

DS Tissue Tape

Made from non-woven tissue paper coated on both sides with acrylic or hot melt rubber adhesive and laminated with release paper & hand tear-able, excellent & quick double stick with strong adhesive. Used in clothing, advertising, stationery, etc.

DS Polyester Tape

Made of solvent adhesive to withstand heat, cold, water, solvent, and high or low peel adhesion. It has a paper & polyester liner which unwinds smoothly to ensure an easy release. Easily bonds glass, wood, steel, foam, etc.

PVC Insulation Tape

Commonly known as electrical tape, used for insulating electrical wires and other materials that conduct electricity. Made of vinyl, stretches well to give effective and long-lasting insulation.

DS Foam Tape

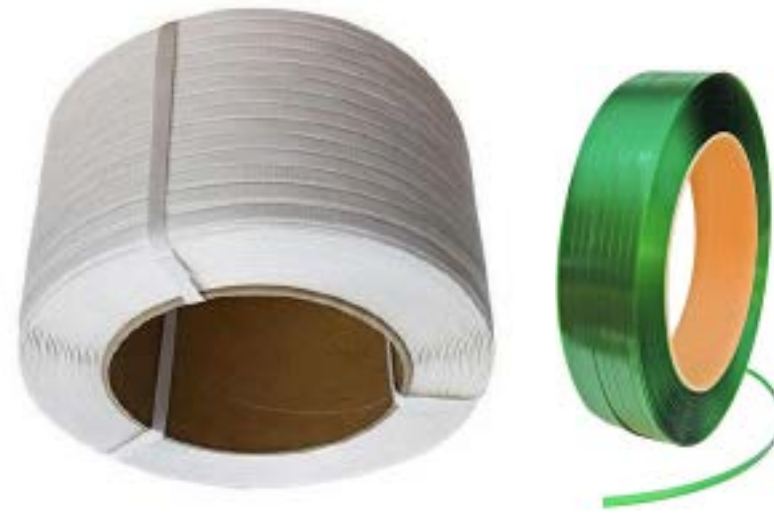

Economical, easy, and quick to apply, clean to use, adaptable, versatile, and consistent. Recommended for mounting mirrors, soap dispensers, hooks, wall mount pictures & multi applications. Automobile industry such as door sealing, strip, pedal & metal board.

OUR PRODUCTS

PLASTIC PACKAGING

We manufacture & deal in select quality packaging products that have wide market acceptance and consistent requirements. This allows us to supply these products at the best value consistently while maintaining quality. We supply these to some of the leading companies across India.

Strapping Rolls (PP/PET)

Available in both PP & PET Material, our strapping rolls are ideal for heavy & light usage. They have excellent strength & provide good tension & sealing for all kinds of machines. Available in various width & length with printing options.

Plastic Bags & Rolls (HM/ LD/PP)

Made using highest quality polymers and latest technology and an integrated extrusion, slitting, sealing & cutting line, we provide all varieties of Plastic Bags & Rolls for a wide variety of applications. Our products are known for their best value.

Woven Fabric & Bags (HDPE/PP/JUMBO BAGS)

Available in a wide variety of sizes & specifications, our packaging Woven Fabrics & Bags are highly durable made using quality polymers and integrated production unit giving us complete control over customization & price. Best example cement bags.

OUR PRODUCTS

PLASTIC & PAPER BAGS

We supply high-quality plastic & paper bags at most competitive rates. As a value addition, we produce customized size at the required specification in both printed & non-printed options.
